How to Register for a Handball Introductory Program

Important: Parents must create their own Assemble account before registering a child for a Handball Introductory Program.

Step 1 – Go to the website

Visit **playhandball.com.au** and click the **"Where to Play"** tab in the top menu.

Step 2 – Choose a HIP program

Scroll down to find the Handball Introductory Program (HIP) listings and select the program you wish to register for.

Step 3 – Sign in or create an account

If you already have an Assemble account, sign in. Otherwise, select "Create Account" and set one up as the parent/guardian.

Step 4 – Add your child as a member

Once logged in, add another member to your account (your child). You can add multiple children if required. (top right hand side)

Step 5 – Select the 'participant'

Go to the **Participant tab** and click "**Register myself in an event or competition."** Ensure your child is selected as the primary user in the top-right corner of the screen.

Step 6 – Register and pay

Select the HIP program you wish to register for and follow the prompts to complete payment.

If the **Register** button is greyed out or shows **"Ineligible"**, this usually means the child has not been selected as the primary user.
